

Application Call for Student Exchange Programme - SS 2025

Exchange Program / 09 September 2024 / Hits: 59

Attention: Third Year Students (Civil Engineering, Electrical Engineering, Electronics and Communications Engineering, Instrumentation and Control Engineering, Engineering Geology, and Architecture),

The DRIL office would to inform that the application call for the student exchange programme for the Spring Semester 2025 (January to June) at the Polytechnic University of Valencia (UPV) in Spain is now open. Please pay close attention to the nomination and selection procedures outlined below. It is crucial that you read the instructions carefully:

1. Students must submit the required documents (**CLICK HERE**) in scanned hard copy to the undersigned by September 17, before 6:00 PM. All relevant documents should be compiled in the order specified in Appendix 1. Please note that any missing documents, whether unintentional or deliberate, as well as documents that are not clearly readable, will be assessed as 'zero' against the criteria.
2. The selection committee will evaluate the merits of the candidates and publish the list of selected students.
3. The UPV project office has reserved spots for nominations from 'Gyelpoi Tozay' and other disadvantaged students with fewer opportunities.
4. Selected students will receive a letter via email from the UPV Project Coordinator, which will include instructions on how to

process their applications online.

5. It is essential for selected students to choose their courses at UPV in close consultation with the UPV Project Coordinator and Heads of Departments/Program Leaders.

Should you have any queries kindly reach out to DRIL office
